Dear Valued Customer,

Fall of 2022 is finally here. However, this fall season is bittersweet as we celebrate the life of our beloved service manager Terry who we lost in October of 2021. A year has passed, but his incredible influence, infectious enthusiasm, warmth, and commitment to his community are still as strong as ever at Densmore Oil.

I have had the pleasure of knowing Terry my entire life. His larger-than-life personality was magnetic. Always donning a smile, Terry was well loved by our office ladies who nicknamed him Terbear and Tereé. Terry wore so many hats as a remarkable family man, a Navy diver, a Friday night bartender at the Portuguese Club, as well as a Monday and Sunday golfer at Pequot Golf club. A real man's man, Terry loved guns, jerky, moonshine and, of course, Chef Boyardee.

After I bought a smoker, he and I loved to discuss our favorite recipes. His homemade rubs and sauces are still some of my go-tos. Some called him the Julia Child of the oil industry, and they weren't wrong.

He never failed to amaze us with his vivid storytelling. Whether he was telling us about his grandchildren, golfing, hunting, or cooking, it was impossible not to be enthralled. In fact, two of my favorite Terry stories are still the ones where he had been teaching his youngest granddaughter how to zap bugs, and the bear hunting trip he had taken with his son that led to a "bear attack"!

Terry was a huge support to me as I was learning the field and transitioning to taking over the company. I knew I could count on him for anything. Terry's inspiring commitment to Densmore Oil and our team of service technicians is one of the reasons for Densmore's success as a company. Through training, leadership, guidance, and just being a friend, our technicians all knew they could count on him. Terry trained Brett for the past 10 years, who has now stepped into our role of service manager at Densmore Oil.

Terry, we miss you!

Jamie

What's Inside

- ✓ The Densmore Difference
- ✓ Employee Spotlight
- ✓ Densmore Plumbing Services
- ✓ Count on Better, Cleaner Water
- ✓ Thank You From The Safe Futures Toy Drive
- ✓ Upcoming Annual Holiday Food Drive

IN NOVEMBER, WE ARE MOVING!

Consolidating our operations into one address: 26 Old Stonington Road, Stonington, CT

Thank You to Everyone Who Supported The Safe Futures Toy Drive

With your help, we donated over 500 items to Safe Futures!

Toys, school supplies, craft supplies, and more. Safe Futures is so appreciative of the support.

Annual Holiday Food Drive

Help us fill a service van with donations of nonperishable goods to help our neighbors in need this holiday season!

We will be collecting donations for the Pawcatuck Neighborhood Center and Groton Human Services, to create food baskets, which they will hand out to local families prior to the holiday. All items can be dropped off at our office. We will be accepting donations from November 7th–December 15th.

The Denismore Difference

When you invest in upgrading or installing heating or cooling systems in your home, you don't have to sacrifice aesthetics. Denismore technicians pride themselves on quality workmanship, providing excellent form and function, as they would in their own home. See examples of the Denismore Difference through the beauty of our installations.

Water Filtration System

Count on Better, Cleaner Water

Is your town water or well water lacking? We have options for you! Improve your home's water with a treatment system. Count on our technicians at Denismore Oil to visit your home and collect a water sample to be sent out and analyzed by a partnering lab. After the sample is analyzed, we can recommend the type of system that will work best for your home and give you an estimate for the system. Some types of systems that Denismore can install are:

- ✓ Water softeners
- ✓ Anti-scale system
- ✓ Reverse osmosis systems
- ✓ Whole-house cartridge systems
- ✓ Filters and neutralizers
- ✓ UV systems
- ✓ Cartridge filtration

Call Miranda today to request a water sample be taken. (860) 536-7927
